Programme Structure

Students shall be admitted into undergraduate programme under faculties of Science, Humanities, Language & Literature, Commerce & Management, Fine Arts, Journalism and such other faculties constituted by University from time to time.

The duration of an undergraduate programme shall be 6 semesters distributed over a period of 3 academic years. The odd semesters shall be from June to October and the even semesters shall be from November to March. Each semester shall have 90 working days inclusive of all examinations.

The undergraduate programme shall include four types of courses,

- Common Courses (Code A),
- Core courses (Code B)
- Complementary courses (Code C)
- open course (Code D)

The minimum number of courses required for completion of an undergraduate programme may vary from 30 to 40, depending on the credits assigned to different courses. Each course shall have a unique alphanumeric code number, which includes abbreviation of the subject in three letters, the semester number (1 to 6) in which the course is offered, the code of the course (A to D) and the serial number of the course (01,02). Course code will be centrally generated by the university. A particular complementary open course should have same code with same credit even though it is offered for different programmes.

For example: ENG2A03 represents a common course of serial number 03 offered in the second semester and PHY2B02 representing second semester Core course 2 in Physics programme.
